# About Me

Hello! My name is **P. Deekshitha**. I am a student who is interested in technology, programming and web development.

I am currently developing my skills in HTML, CSS, JavaScript and other programming technologies. My goal is to become a successful developer and build creative and useful applications.

# My Skills

### HTML

Creating the structure of websites.

### CSS

Designing attractive and responsive websites.

### JavaScript

Adding interaction and functionality to websites.

### Programming

Learning programming concepts and problem solving.

# My Projects

### Cakes Shop Website

A simple website created using HTML and CSS for displaying cakes and bakery products.

View Project

### Automatic Room Light

An Arduino-based project that automatically controls a light depending on the surrounding light.

View Project

### Student Portfolio

A personal portfolio website developed using HTML, CSS and JavaScript.
